

## Review Results of Subparagraph 2 Eligibility Requirements for Environmental Engineer Exam

Date of Promulgation	School Name	Department Name
2012.08.10	National Pingtung University of Science and Technology	Department of Environmental Science and Engineering (four-year program)
2012.08.10	National Ilan University	Department of Environmental Engineering (undergraduate program)
2012.08.10	Ming Chi University of Technology	Department of Safety, Health and Environmental Engineering (four-year, full-time technical program) Department of Safety, Health and Environmental Engineering (four-year, continuing education technical program)
2012.08.10	Hungkuang University	Department of Safety, Health, and Environmental Engineering—Division of Environmental Engineering (four-year, full-time technical program)
2012.08.10	Chia Nan University of Pharmacy & Science	Department of Environmental Engineering and Science (four-year, full-time technical program) Department of Environmental Engineering and Science (four-year, continuing education technical program) (The school was renamed from Chia Nan College of Pharmacy and Science on February 1, 2014)
2012.08.10	Yuanpei University of Science and Technology	Department of Environmental Engineering and Health

Date of Promulgation	School Name	Department Name
		(four-year, full-time technical program)
2012.08.10	Chung Yuan Christian University	Department of Bio Environmental Engineering (undergraduate program)
2012.11.13	National Chung Hsing University	Department of Environmental Engineering (continuing education bachelor degree program)
2012.11.13	Tamkang University	Department of Water Resources and Environmental Engineering—Division of Environmental Engineering
2012.11.13	Tajen University	Department of Environmental Science and Occupational Safety and Hygiene—Division of Environmental Technology
2013.05.06	National United University	Department of Safety, Health and Environmental Engineering (continuing education bachelor degree program)
2013.05.06	Feng Chia University	Department of Environmental Engineering and Science(undergraduate program)
2013.08.05	National Kaohsiung First University of Science and Technology	Department of Safety, Health and Environmental Engineering (four-year program)
2013.08.05	National Kaohsiung Marine University	Department of Marine Environment Engineering (four-year, full-time technical program) Department of Marine Environment Engineering (four-year, continuing education technical program)
2017.04.06	Fooyin University	Department of Environmental Engineering and Science

Date of Promulgation	School Name	Department Name
		(four-year, full-time program) Department of Environmental Engineering and Science (four-year, continuing education program) (applicable for those enrolled in the 2016 school year and afterwards)
2017.04.06	Chaoyang University of Technology	Department of Environmental Engineering and Management (four-year, full-time program) (applicable for those enrolled in the 2016 school year and afterwards)
2019.04.03	National Kaohsiung University of Science and Technology	Department of Safety, Health and Environmental Engineering (four-year technical program)

Note: The MOEX will continue reviewing the department, division, graduate institute, or program in environmental engineering at a public or registered private junior college or a higher-level educational institution in the ROC and foreign junior colleges and higher-level educational institutions that are recognized by the Ministry of Education. Updated information can be found on the MOEX homepage > Relevant Laws > Professional and Technical Exams > Professional and Technical Examinations Regulations for Examinations Open to Foreigners > Senior Professional and Technical Examinations Regulations for Engineers.
